**BUSINESS CONTINGENCY GROUP PLAYS KEY ROLE IN KEEPING  
THE SECURITY OF FREIGHT RAIL LINES “ON TRACK”**

*--CSX Corporation to utilize WebEOC<sup>®</sup> ST in its emergency and crisis management--*

ENCINO, CA (September 3, 2008) – In a world where the safety and security of the nation’s transportation systems is at the top of everyone’s minds, Business Contingency Group (BCG), the leader in disaster recovery and emergency management planning services, is proud to announce that CSX Corporation, one of the nation’s leading Class I railroads, will be utilizing WebEOC *ST* to further improve emergency response and security of its freight rail lines.

“We’re very excited to have CSX as one of our valued clients,” said Lee Goldstein, BCG president. “We strongly believe that WebEOC *ST* will be an invaluable resource for CSX’s emergency and crisis management team. The software is designed to provide transportation agencies with innovative and effective strategies to plan for and deal with emergency situations and incidents. WebEOC *ST* will definitely play a critical role in aiding CSX’s efforts to further improve emergency response and security.”

WebEOC *ST* is a Crisis Information Management Software (CIMS) providing real-time information to facilitate coordination and decision-making for planning, training and emergency response, recovery and continuity of government and business operations. It builds upon the features of WebEOC developed by ESi Acquisition, Inc., the industry-leading CIMS platform.

BCG is a Services Associate and an Authorized VAR of WebEOC software products. In addition, BCG is the Developer of the Surface Transportation solution (WebEOC *ST*) and Exclusive Provider of WebEOC products to the Surface Transportation Sector. BCG also provides Disaster Recovery, Business Contingency, and Emergency Management Planning and Consulting Services to companies and public sector agencies.

WebEOC<sup>®</sup> is a registered trademark of ESi Acquisition, Inc. All other trademarks are the property of their respective owners.
