

# Manage the risk of COVID-19 at games and practices for leagues and sports organizations

**SAFETY  
COUNT**  
PANDEMIC

**SPORTS**

SafetyCount Pandemic–Sports provides leagues and sport organizations an easier and more efficient way to screen the COVID-19 exposure risk of your participants (players, coaches, volunteers, and others). Its automated guidance supports safe and healthful conditions for leagues and sport organizations to get back to play.

“It’s important to get the kids active in our league while assuring parents, sponsors, coaches, and the young athletes that we are being diligent and careful with everyone’s safety.”

– Youth Sports Coach

In three easy steps, **SafetyCount Pandemic–Sports** collects the vital information you need to protect your Players and Members from the COVID-19 Risk:

### Sign up and Send link

First step is to sign up for an account to create a unique Team/League page and send the link to your participants

### Health Information

Before each game or practice, all participants fill out the online screening form with automated directions for their next step

### Analyze and Decide

View and analyze the data submitted by participants to understand their status to see if they can come to the game or practice

SafetyCount Pandemic is a web-based application. The only requirements to use SafetyCount Pandemic are a browser and access to the internet. SafetyCount Pandemic has a player interface to be used by players, coaches, volunteers, and others before attending a game or practice eliminating a long screening process at the facility, field, or diamond. A separate Admin interface provides Screening Reports and Resources for leagues and organizers.

### BCG is offering one free month of SafetyCount Pandemic–Sports

to help sports organizations and leagues open up during these challenging times. There is no obligation to continue past the first month; in fact, we don’t even collect payment information when you sign up. After the free month (from date of sign up) costs are as low as \$0.25 per player/per month.

**SafetyCount Pandemic–Sports** is brought to you by Business Contingency Group (BCG). For over 18 years, BCG has provided Business Continuity/Continuity of Operations, Disaster Recovery, and Emergency Management planning and consulting services to both the private and public sectors. We also provide technical/software solutions to support our planning and consulting services as well as working internationally on Humanitarian Assistance Programs.
